A SONG CONTEST

NEW FEATURE OF INTER-HIGH SCHOOL ASSOCIATION MEETING.

DATES ARE APRIL 27-28

Literary-Song Contest On One Day and Track Meet the Next, According to Arrangements.

April 27 and 28 are the dates set for the eighth annual meeting of the Northwest Missouri Inter-High School association in Maryville. On Friday evening, April 27 the literary and song contest will be held and on April 28 the annual track meet will be held.

Prof. H. P. Swinehart, secretary of the association, has just completed the set of rules and instructions that will govern this year's literary and song contest which will be held in the State Normal auditorium. A new feature of the contest this year is the song contest, which will have for its object the encouragement of public school music.

Each school may enter one song, and the winning school will receive a loving cup. The songs that are submitted in the contest will be sung during the program and will furnish the only music for the program. The attention of the judges in selecting the prize winning song will be to choose one that will show the development of public school music rather than the exploits of any private voice teacher.

In the literary contest, declamatory, essay, and oratory contests will be held. The preliminaries which have heretofore been held in Maryville will be held in various sections this year, and the final contest only will be held here. The territory included in the term Northwest Missouri has been divided into four districts, each with a central point at which the preliminary will be held and each with a chairman to take charge of the work in his district. There are the districts, the central place at which the preliminary will be held, and the chairman of the districts:

1. Atchison, Nodaway, Holt, Andrew, and Buchanan counties—Mound City, P. C. Calloway.
2. Worth, Harrison, Gentry, Mercer, and Grundy—Trenton, A. C. Guinn.
3. Livingston, Daviess, Caldwell, DeKalb—Chillicothe, A. R. Coburn.
4. Platte, Clay, Ray, Carroll, Clinton—Liberty, G. H. Beasley.

The following list of subjects for use in the essay contests is submitted.

1. "The Place of America in the Civilization of the Future."
2. Robert Burns—"His Message to the World."
3. "Conservation of Our Water Resources."
4. The Effects of Universal Military Training on Character."
5. "The Wireless Way."
6. "Heroes in the Books I have Read."
7. "Woman's Part in National Preparedness."
8. "The Japanese Question in the United States."
9. "What Alaska Has Meant to the United States."

Gold, silver and bronze medals will be offered as first, second and third prizes in the essay, declamatory and extemporaneous speaking contests.

Circular letters containing the rules of the contests were mailed today to the superintendent, principal and English teacher of every High School in the association and a great number of students will no doubt take part in the preliminaries in each district.

CITY ELECTION APRIL 3

Four Members of City Council and Two Members of the School Board Will Be Selected.

A city election will be held on Tuesday, April 3, to elect four members of the city council. At this election the usual school levy and also members of the school board will also be voted on.

The terms of Mose Hahn, Ed Dragoo, M. A. Peery and James Smith as members of the council will expire at this time. Mr. Hahn will seek re-election, O. O. Howard announces today his candidacy for alderman from the second ward. It is understood that Mr. Dragoo, the present member from the second, will not run again.

In the Third ward, M. A. Peery will probably run again and so far has no opposition.

James Smith will be a candidate to succeed himself as alderman from the Fourth ward.

Mayor Robey said today that no mass meeting would be held to nominate the ticket but that all candidates would be voted on at the election.

The terms of E. E. Williams and L. E. Carpenter as members of the school board will expire at this election. Both men are candidates for re-election. A mass meeting to nominate candidates will be held a few days before the election.

GOOD PLAY AT EMPIRE

Rita Jolivet Film Star Plays Tonight In "An International Marriage."

The management of the Empire Theatre tonight presents Rita Jolivet in "An International Marriage." The story of the play is founded upon a book, one of the most interesting bits of fiction published in later years.

The principal characters are Bennington Brent, the laundry king, who uses the phrases of the trade to shrewdly express his observations; his beautiful daughter, Florence Brent, who, being of another generation, reflects the finish, or as Brent expresses it, "the satin gloss" of wealth and elegance, and Congressman John Oglesby her chum from childhood, who is a prominent member of the National assembly.

FOOD RIOTS SERIOUS.

Inhabitants of Russia Fear Food Famine and Raid Bread Supplies.

Special to The Democrat-Forum.

Stockholm, Mar. 12.—Serious food riots coupled with peace demonstrations have occurred both in Petrograd and Moscow. The Cossacks charged a wild mob and a number were injured.

Very heavy falls of snow during the last winter have caused great difficulty in the transportation of cereals by railway and the population of Russia begins to fear a famine.

Some of the inhabitants of the capital gave way to peace and began to make raids on the bread supplies thus creating a more or less appreciable shortage.

GERARD TO MAKE REVELATIONS.

Special to The Democrat-Forum.

Havana, Mar. 12.—Startling revelations of German diplomatic intrigues will be made by Ambassador Gerard, after he reports to Lansing and Wilson. This was reported before the ambassador's party left for Key West, Fla., today.

ST. JOSEPH MURDER

MRS. STELLA LIBBE SHOOTS W. M. MOSELEY IN SELF DEFENSE.

SHE GIVES HERSELF UP

Makes Statement and Is Freed By the Authorities — Probably No Action Will Be Taken.

Special to Democrat-Forum.

St. Joseph, Mar. 12—Mrs. Stella Libbe, divorced wife of H. H. Libbe, a well known wholesale flour dealer of this city, shot and killed W. M. Moseley at the Melrose farm near this city about midnight last night.

Immediately after the shooting Mrs. Libbe gave herself up to the authorities and after making a statement she was released. It is thought no action will be taken as it is claimed it was a case of self defense.

It is said that Mrs. Libbe and Moseley have been living together and in a quarrel which they had last night Moseley threatened to kill his wife. He went after an axe and on his return found the room in which Mrs. Libbe was in was locked. He began chopping the door in and Mrs. Libbe fired three shots, all taking effect.

Moseley, who was formerly in the livery stable business in this city, was superintendent of the Melrose farm.

A negro girl who was in the room with Mrs. Libbe at the time of the shooting bears out the woman in the details of murder.

HE THOUGHT CAB WAS STOLEN

But Is Was Stowed Away in Tilson's Garage As A Result of A Practical Joke.

W. R. Tilson, owner of the Tilson Garage, received a telephone call last night to come for a car that was standing in front of the W. W. Jones Implement house on West Third street. He followed the directions given him, found the car, and drove it to the garage.

At the close of the services at the First Christian church, John Yates, living about two miles south of town crossed the street to get his car and found it—gone. After looking around for it in vain, he called Sheriff Dowden and together they started off in search of the missing car. In making the round of the garages they found the missing car stowed away for the night in the Tilson garage.

Explanations were in order, and the owner of the car and the owner of the garage decided that they had been the victims of a practical joke.

DEBATE A SUCCESS

Large Crowd Hears Question of Universal Military Training Discussed at Parnell Church.

The debate held at the M. P. church at Parnell Friday night was a success in every respect. The weather being fine a good audience was in attendance. Much interest is being manifested in these debates and the people of the town and sourrounding community have shown their loyalty by their attendance and interest. The subject discussed was one of great interest, namely: "Resolved That the United States Should Adopt a Universal System of Military Training, Compelling Every Able Bodied Young Man Between the ages of 16 and 21 years, to Serve at Least 24 Months in Military Training." The affirmative was represented by Noble Klaas, Prof. W. A. Powers, and James Burns. On the negative were: Guy Curry, Robt, Payne and Virgil Spoonemore. The judges were Rev. Kemper, E. J. Roof and Col. Chas. Evans. They gave a decision in favor of the negative. Before the debate two songs were rendered by the High School girls.

Washington, Mar. 12.—The appointment of Ambassador Gerard to succeed Ambassador Guthrie of Japan, was urged upon the state department today by a friend of the returning envoy.

407 At Sundey School.

As a result of the campaign for mebmership at the First Methodist church, the enrollment reached 407 yesterday. The teachers and officers of the Sunday School are well pleased with the plan and will still continue to encourage the departments by the use of the slogan "400 for Four Months."

PLAN CHURCH YARDS

FIRST M. E. AND PRESBYTERIAN GROUNDS TO BE BEAUTIFIED.

PUBLIC LIBRARY NEXT

Neighborhood Meetings, So Popular Last Week, to be Continued—With Mrs. Duncan Wednesday Eve.

The First Mehodist Church and the First Presbyterian church are the frist two public buildings to respond definitely to the movement for beautifying their grounds. Committees were appointed from each of these churches to meet with Prof. C. C. Leeson who aided in drawing up plans for improving the grounds according to the esthetic prineiples emphasized in the campaign this season.

Professor Leeson is ready to meet with the committees of the other churches and to help them in deciding on methods of beautifying their ground

The plan as adopted by the First Methodist and Presbyterian churches is for the Sunday School to appropriate the funds for the seed, the plants and the other necessary improvements, and for the boys' classes to do the planting under the direction of their teacher or some competent person. Even as small a sum as $5 when invested according to this plan will bring large returns in beautifying the grounds and in improving the appearance of the church property.

The next public building to succumb to the desire for civic improvement will be the Public Library. The board will meet this week and arrangements will be made at once to purchase shrubs and plants for the grounds.

The neighborhood meetings which were so largely attended and which were productive of such splendid results last week will be continued this week. The first one will be Wednesday evening at the home of Mrs. R. H. Duncan on North Mulberry.

CAMPAIGN FOR MEMBERS

Maryville Commercial Club Wants to Grow From 110 to 150—Appoints Committee to Solicit.

A plan to increase the membership of the Maryville Commercial club from 110 members to 150 within the next few months is now under way A committee consisting of Conrad Yehle, Roy Curfman and E. M. Claypool was appointed by Joseph Jackson Jr., president of the club to do personal work in increasing the membership.

Secretary Claypool sent out letters to all of the business men of the city not affiliated with the Commercial Club telling them of the advantages of a membership in the organization, and of the desirability of becoming a member at once.

PLAN TO DESTROY NAVY YARD.

German Plotters Arrested Conspiring Against U. S. Government.

Special to The Democrat-Forum.

Philadelphia, Mar. 12.—The destruction of the Philadelphia navy yard was plotted by a band of Teutonic conspirators, the Federal agents declared today, following the arrest of Mr. and Mrs. Adelbert K. Fischer. Sufficient explosives were smuggled aboard the interned German raider, Prinz Eitel and Kron Prinz Wilhelm to destroy the navy yard and the whole southern part of Philadelphia. It is reported that five were arrested today on a charge of complicity in the plot.

CHILD LABOR ACT

DRASTIC FEDERAL MEASURE WILL NOT CONFLICT WITH STATE LAW

AFFECTS MINE LABOR

Missouri Mines Not Included, As Child Labor is Unknown in Them — Has Factory Clause Also.

Special to The Democrat-Forum.

Jefferson City, Mar. 12.—The Federal Child Labor act which goes into effect September 1, is a drastic measure, but it will not conflict with the Missouri Child Labor law and therefore this state will be little affected by the workings of the Federal law, according to Commissioner of Labor William E. Lewis.

The Federal act forbids the employment of any boy or girl under the age of 16 in any mine or quarry, which ships products, within thirty days of thejr production, into another state or foreign country.

Missouri quarries and mines will not be affected by the Federal act for the reason that child labor now is unknown to both industries. The Missouri Child Labor act did away with workers under 16 in mine and quarries more than ten years ago.

The Federal law also extends to mills, canneries, factories, workshops, and other manufacturing establishments, but child labor is given the advantage in these industries by the minimum age being placed at 14 years when their products are offered for interstate or foreign commerce.

The Federal law does not conflict with the State act in any particular with the exception of domestic or agricultural service, but the latter act provides that children from 14 to 16, if under necessity, may work if provided with a state certificate. Some boot and shoe manufacturers, clothing manufacturers, canneries and some large mail order houses in St. Louis and Kansas City, will in the future have to exercise greater discretion in their interstate trade.

ADMINISTRATION WAITING

With Order to Arm Merchantmen, There is Nothing to Do Until Hostilities Open.

Special to The Democrat-Forum.

Washington, Mar. 12.—With all of the plans completed for the protection of American merchantmen on the high seas, the administration today had settled down into a waiting attitude. The first armed American liner will probably leave the New York port within a few days.

Washington, Mar. 12.—The state department today sent all foreign ambassadors and legations in Washington a special notice of their official decision to arm all ships leaving these shores for submarine zones.

BAGDAD IS TAKEN

TURKISH ARMY RETIRES IN GOOD ORDER FROM THE CITY.

FEW PRISONERS TAKEN

Turks, However, Abandoned A Number of Heavy Guns—City Rich in Historic Lore.

Special to The Democrat-Forum.

London, Mar. 12.—The main Turkish army that concentrated for the defense of Bagdad was withdrawn without serious losses before the British entered the city. A brief dispatch from General Maude indicated today that the British had made no large capture of prisoners. The Turks, however, abandoned a number of heavy guns.

British Capture Bagdad.

London, Mar. 12.—The confirmation of the fact that the British have captured Bagdad, the chief Turkish city in Mesopotamia, was made this evening by the British official press bureau.

The statement was issued on receipt of a telegram from General Maude, saying that British forces had occupied Bagdad early yesterday morning.

Bagdad's capture marks the climax to one of the most dramatic and picturesque phases of the war. The city which has fallen to British arms links the present to the past so distant that it is semi-fabulous. The known history of Bagdad reaches back for more than 4,000 years to the shadowy times of King Nebuchadnezzar of Babylon a quay built by the scriptural monarch still existing submerged in the Tigris. Within its precincts also there still stands the tombs of the Jewish prophets, Joshua, Ezra and Ezekiel and the well of Daniel.

Long after the Babylonian dynasty had ceased to be more than a memory, Bagdad rose to splendor as the artistic, literary, scientific and religious capital of the world. The heart of the great Islamic empire of the Caliphs for hundreds of years, it was known throughout the world as "the glorious city" and was the scene of the fantastic exploits of Haroun Al-Rashid the potentate whose magnificence is immortalized in the Arabian knights.

HURT IN TORNADO

OVER 200 INJURED IN STORM-SWEPT AREA YESTERDAY.

AT NEW CASTLE, INDIANA

City of 15,000 Known As the "City of Roses," Loses $1,000,000 in Property Damage.

Special to The Democrat-Forum.

Indianapolis, Mar. 12.—Between thirty and sixty are reported dead today, a score are believed to be dying and over 200 are injured as a result of a tornado which swept the country from New Castle, Ind., to Cincinnati late yesterday afternoon. The property loss is expected to exceed a million dollars. Twenty-two bodies were recovered at New Castle, this morning and it is expected that more will be found as soon as the search through the debris is continued.

The storm swept a path through the city about two blocks wide. About 100 houses were leveled and more than 300 were damaged. The storm passed through the longest way of the city, striking the south and west sides. A school building, the rolling mills and a shovel plant were all destroyed.

While the storm hit the better residence district, it was not damaged as severely as other parts of the city. New Castle has a population of 15,000 and is known as the "city of roses," because of the large greenhouses located there. It is also the home of the Maxwell automobile factory, and has other large manufacturing plants.

All of the hospitals in the city are crowded with the injured. The storm came from the west, striking the city in the northwestern section and traveled in a southeasterly direction, missing the business section of the town.

WOMEN MAY VOTE SOON

Chances in Missouri Good As Result of Action of State Senate Yesterday.

Jefferson City, Mar. 12.—Women in this state may vote in the next presidential election in 1920. In fact, their chances of voting are very good as a result of the action of the senate last week in placing Senator Mitchell's bill giving women the right to vote for presidential electors, on the calendar for final reading. The vote was 18 to 10, indicating that the measure will pass when it comes up for final consideration.

Despite the unfavorable report from the committee on election, Senator Mitchell moved to have his measure placed on the calendar for final reading. The vote on the motion follows:

Yes—Senators Baldwin, Bronson, Carter, Duncan, Ford, Gardner, Glick, Harris, Harrison, McClintic, McKnight, Mays, Mitchell, Moore, Stark, Taylor, Welch and Yancey.

No—Senators Bates, Brogan, Casey, Cook, Elder, Goodson, Green, Kinney, McGruder, and Morton.

WILKERSON IS IGNORED

Detective in Villisca Ax Murder Case Not Being Consulted By the State Attorneys.

Special to The Democrat-Forum.

Red Oak, Ia. Mar. 10—With the opening of the grand jury investigation of the Villisca ax murders, rumors were rife yesterday of friction said to have sprung up between representatives of the attorney general's office, who are conducting the probe, and J. N. Wilkerson, of the Burns detective agency, who is laboring to indict a half dozen persons, including F. F. Jones, one of the most prominent residents of Montgomery county.

Both Wilkerson and attorneys for the state and county disclaim any knowledge of a difference between them. Friends known to be close to the detective, however, were outspoken in expressing their dissatisfaction with the manner the attorney general and his assistants are handling the case. They declare Wilkerson is being ignored.

Numerous persons have expressed the opinion that Wilkerson is to be eliminated as far as possible in the investigation, and that the attorney general will not permit him to take any part in the case other than to testify like any other witness.

It is estimated that 250 witnesses will be called before the grand jury.

Among those who testified yesterday were two Villisca physicians who arrived on the scene a short while after the dead bodies were discovered.

James Dowers, who claims to be a detective and to have worked on the mystery of his own responsibility, also has been subpoenaed. Court officials believe the investigation will last for weeks.

GERMANY AND MEXICO

U. S. Goverment Learns That Powerful Wireless Directly Connects the Two Countries.

Special to The Democrat-Forum.

Washington, Mar. 10.—Information has reached the government from a semi-official source that through the perfection of a powerful wireless telegraph plant in Mexico City, direct communication between the Mexican capital and Germany has been established.

Officials realize that if unconfirmed this news is of great importance and an investigation has been ordered. Through connection by Mexico City with the land telegraphs leading into the United States Germany would be able to secure complete exemption from the censorship which now is imposed upon its communications by the American government at the wireless stations at Sayville and Tuckerton and by the British and French governments in their control of the Atlantic cables.

Far reaching possibilities thus would be opened for the violation of American neutrality or even the menacing of national safety in the critical situation existing. Sea raiders and submarines might be directed and full information concerning the departure of ships from American ports furnished. German agents in this country might keep in close touch with Berlin, and in case of war even more serious results might follow.

From other sources information has reached Washington that secret meetings are being held by Germans in Vera Cruz and Monterey to determine upon uniform action by Germans in Mexico in the event of war between the United States and Germany.

Healthy Skin
DEPENDS ON KIDNEYS.

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depends on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to the nearest drug store and simply obtain a 50c. package of Anuric, the discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an Anuric Tablet, and notice the gratifying results. You will find Anuric more active than lithia. Dissolves uric acid as water does sugar.

You'll see the right label in all of these garments; it's your guarantee of absolute satisfaction; a small thing to look for, a big thing to find.

The colors — grays, greens, blues and browns—any number of new ideas you haven't seen before.

The fabrics—all wool, worsteds finished and unfinished, flannels, serges, homespuns, cheviots, Dixie weaves.

About the hat hits of the season—we have them. The Stetson in the very newest and most popular designs that are produced. Many have already selected their new hat for this season. If you haven't already seen them, we suggest that you do so right away.

Then the new shirts and new ties are ready for your inspection. In fact, you will find here all that is new in clothing for men, and at prices that give you the greatest value and satisfaction.

Also, remember the boys—we have the newest clothes for boys.

WOLVES IN THE LOWLANDS.

Malden, Mo., Mar. 12.—Wolves have wrought great damage in the lowland district of southeast Missouri this winter. Because of the flood waters in the region of the St. Francis and Black rivers, in addition to heavy snows, hundreds of wolves have been starved and are killing cattle, sheep, and other domestic animals. In several instances they have attacked persons. Quite a large number of the wolves have been caught in traps.

HIS RUBIES AND DIAMONDS.

Lamar, Mo., Mar. 12.—With a tiny onion pinned to one lapel of his coat and a very small potato in the buttonhole of the other one, John McEnterfer strolled around the downtown section here. No, Mr. McEnterfer is not a millionaire, but he is emphatic in his assertion that he despises such cheap and alleged precious articles as rubies and diamonds.

Miss Nona Williams of St. Joseph visited over Sunday with her parents Mr. and Mrs. M. F. Williams of Barnard.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

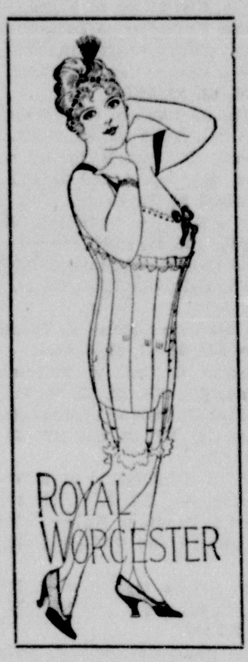
Special Demonstration

Of Bon Ton and Royal Worcester Corsets

BEGINNING Today, and continuing all week, we will have a special demonstration of the famous Bon Ton and Royal Worcester Corsets.



Miss Ella Claussen, a special representative of the Royal Worcester Corset Company, who is an expert corsetiere will have charge of this demonstration and will give all fittings her special attention.

Bon Ton and Royal Worcester Corsets are designed for women who know—really know—correct style and who require high quality. The new models that are now on display for your selection are a delightful combination of style, fit, quality and ease. Prices are moderate.

If your corsets have not been quite satisfactory—if you are not getting just the style and size for your individual figure, with real flexibility and control—you should by all means attend this special demonstration. The proper model for you either in BACK or FRONT LACE, is here for you to choose from.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 7. MARYVILLE, MISSOURI, MONDAY, MAR. 12, 1917. NO. 241.

A SONG CONTEST

NEW FEATURE OF INTER-HIGH SCHOOL ASSOCIATION MEETING.

DATES ARE APRIL 27-28

Literary-Song Contest On One Day and Track Meet the Next, According to Arrangements.

April 27 and 28 are the dates set for the eighth annual meeting of the Northwest Missouri Inter-High School association in Maryville. On Friday evening, April 27 the literary and song contest will be held and on April 28 the annual track meet will be held.

Prof. H. P. Swinehart, secretary of the association, has just completed the set of rules and instructions that will govern this year's literary and song contest which will be held in the State Normal auditorium. A new feature of the contest this year is the song contest, which will have for its object the encouragement of public school music.

Each school may enter one song, and the winning school will receive a loving cup. The songs that are submitted in the contest will be sung during the program and will furnish the only music for the program. The attention of the judges in selecting the prize winning song will be to choose one that will show the development of public school music rather than the exploits of any private voice teacher.

In the literary contest, declamatory, essay, and oratory contests will be held. The preliminaries which have heretofore been held in Maryville will be held in various sections this year, and the final contest only will be held here. The territory included in the term Northwest Missouri has been divided into four districts, each with a central point at which the preliminary will be held and each with a chairman to take charge of the work in his district. There are the districts, the central place at which the preliminary will be held, and the chairman of the districts:

1. Atchison, Nodaway, Holt, Andrew, and Buchanan counties—Mound City, P. C. Calloway.

2. Worth, Harrison, Gentry, Mercer, and Grundy—Trenton, A. C. Guinn.

3. Livingston, Daviess, Caldwell, DeKalb—Chillicothe, A. R. Coburn.

4. Platte, Clay, Ray, Carroll, Clinton—Liberty, G. H. Beasley.

The following list of subjects for use in the essay contests is submitted.

1. "The Place of America in the Civilization of the Future."
2. Robert Burns—"His Message to the World."
3. "Conservation of Our Water Resources."
4. The Effects of Universal Military Training on Character."
5. "The Wireless Way."
6. "Heroes in the Books I have Read."
7. "Woman's Part in National Preparedness."
8. "The Japanese Question in the United States."
9. "What Alaska Has Meant to the United States."

Gold, silver and bronze medals will be offered as first, second and third prizes in the essay, declamatory and extemporaneous speaking contests.

Circular letters containing the rules of the contests were mailed today to the superintendent, principal and English teacher of every High School in the association and a great number of students will no doubt take part in the preliminaries in each district.

CITY ELECTION APRIL 3

Four Members of City Council and Two Members of the School Board Will Be Selected.

A city election will be held on Tuesday, April 3, to elect four members of the city council. At this election the usual school levy and also members of the school board will also be voted on.

The terms of Mose Hahn, Ed Dragoo, M. A. Peery and James Smith as members of the council will expire at this time. Mr. Hahn will seek re-election, O. O. Howard announces today his candidacy for alderman from the second ward. It is understood that Mr. Dragoo, the present member from the second, will not run again.

In the Third ward, M. A. Peery will probably run again and so far has no opposition.

James Smith will be a candidate to succeed himself as alderman from the Fourth ward.

Mayor Robey said today that no mass meeting would be held to nominate the ticket but that all candidates would be voted on at the election.

The terms of E. E. Williams and L. E. Carpenter as members of the school board will expire at this election. Both men are candidates for re-election. A mass meeting to nominate candidates will be held a few days before the election.

GOOD PLAY AT EMPIRE

Rita Jolivet Film Star Plays Tonight In "An International Marriage."

The management of the Empire Theatre tonight presents Rita Jolivet in "An International Marriage." The story of the play is founded upon a book, one of the most interesting bits of fiction published in later years.

The principal characters are Bennington Brent, the laundry king, who uses the phrases of the trade to shrewdly express his observations; his beautiful daughter, Florence Brent, who, being of another generation, reflects the finish, or as Brent expresses it, "the satin gloss" of wealth and elegance, and Congressman John Oglesby her chum from childhood, who is a prominent member of the National assembly.

FOOD RIOTS SERIOUS.

Inhabitants of Russia Fear Food Famine and Raid Bread Supplies.

Special to The Democrat-Forum.

Stockholm, Mar. 12.—Serious food riots coupled with peace demonstrations have occurred both in Petrograd and Moscow. The Cossacks charged a wild mob and a number were injured.

Very heavy falls of snow during the last winter have caused great difficulty in the transportation of cereals by railway and the population of Russia begins to fear a famine.

Some of the inhabitants of the capital gave way to peace and began to make raids on the bread supplies thus creating a more or less appreciable shortage.

GERARD TO MAKE REVELATIONS.

Special to The Democrat-Forum.

Havana, Mar. 12.—Startling revelations of German diplomatic intrigues will be made by Ambassador Gerard, after he reports to Lansing and Wilson. This was reported before the ambassador's party left for Key West, Fla., today.

ST. JOSEPH MURDER

MRS. STELLA LIBBE SHOOTS W. M. MOSELEY IN SELF DEFENSE.

SHE GIVES HERSELF UP

Makes Statement and Is Freed By the Authorities — Probably No Action Will Be Taken.

Special to Democrat-Forum.

St. Joseph, Mar. 12—Mrs. Stella Libbe, divorced wife of H. H. Libbe, a well known wholesale flour dealer of this city, shot and killed W. M. Moseley at the Melrose farm near this city about midnight last night.

Immediately after the shooting Mrs. Libbe gave herself up to the authorities and after making a statement she was released. It is thought no action will be taken as it is claimed it was a case of self defense.

It is said that Mrs. Libbe and Moseley have been living together and in a quarrel which they had last night Moseley threatened to kill his wife. He went after an axe and on his return found the room in which Mrs. Libbe was in was locked. He began chopping the door in and Mrs. Libbe fired three shots, all taking effect.

Moseley, who was formerly in the livery stable business in this city, was superintendent of the Melrose farm.

A negro girl who was in the room with Mrs. Libbe at the time of the shooting bears out the woman in the details of murder.

HE THOUGHT CAR WAS STOLEN

But Is Was Stowed Away in Tilson's Garage As A Result of A Practical Joke.

W. R. Tilson, owner of the Tilson Garage, received a telephone call last night to come for a car that was standing in front of the W. W. Jones Implement house on West Third street. He followed the directions given him, found the car, and drove it to the garage.

At the close of the services at the First Christian church, John Yates, living about two miles south of town crossed the street to get his car and found it—gone. After looking around for it in vain, he called Sheriff Dowden and together they started off in search of the missing car. In making the round of the garages they found the missing car stowed away for the night in the Tilson garage.

Explanations were in order, and the owner of the car and the owner of the garage decided that they had been the victims of a practical joke.

DEBATE A SUCCESS

Large Crowd Hears Question of Universal Military Training Discussed at Parnell Church.

The debate held at the M. P. church at Parnell Friday night was a success in every respect. The weather being fine a good audience was in attendance. Much interest is being manifested in these debates and the people of the town and sourrounding community have shown their loyalty by their attendance and interest. The subject discussed was one of great interest, namely: "Resolved That the United States Should Adopt a Universal System of Military Training, Compelling Every Able Bodied Young Man Between the ages of 16 and 21 years, to Serve at Least 24 Months in Military Training." The affirmative was represented by Noble Klaas, Prof. W. A. Powers, and James Burns. On the negative were: Guy Curry, Robt, Payne and Virgil Spoonemore. The judges were Rev. Kemper, E. J. Roof and Col. Chas. Evans. They gave a decision in favor of the negative. Before the debate two songs were rendered by the High School girls.

407 At Sundey School.

As a result of the campaign for mebmership at the First Methodist church, the enrollment reached 407 yesterday. The teachers and officers of the Sunday School are well pleased with the plan and will still continue to encourage the departments by the use of the slogan "400 for Four Months."

PLAN CHURCH YARDS

FIRST M. E. AND PRESBYTERIAN GROUNDS TO BE BEAUTIFIED.

PUBLIC LIBRARY NEXT

Neighborhood Meetings, So Popular Last Week, to be Continued—With Mrs. Duncan Wednesday Eve.

The First Mehodist Church and the First Presbyterian church are the frist two public buildings to respond definitely to the movement for beautifying their grounds. Committees were appointed from each of these churches to meet with Prof. C. C. Leeson who aided in drawing up plans for improving the grounds according to the esthetic principles emphasized in the campaign this season.

Professor Leeson is ready to meet with the committees of the other churches and to help them in deciding on methods of beautifying their ground

The plan as adopted by the First Methodist and Presbyterian churches is for the Sunday School to appropriate the funds for the seed, the plants and the other necessary improvements, and for the boys' classes to do the planting under the direction of their teacher or some competent person. Even as small a sum as $5 when invested according to this plan will bring large returns in beautifying the grounds and in improving the appearance of the church property.

The next public building to succumb to the desire for civic improvement will be the Public Library. The board will meet this week and arrangements will be made at once to purchase shrubs and plants for the grounds.

The neighborhood meetings which were so largely attended and which were productive of such splendid results last week will be continued this week. The first one will be Wednesday evening at the home of Mrs. R. H. Duncan on North Mulberry.

CAMPAIGN FOR MEMBERS

Maryville Commercial Club Wants to Grow From 110 to 150—Appoints Committee to Solicit.

A plan to increase the membership of the Maryville Commercial club from 110 members to 150 within the next few months is now under way. A committee consisting of Conrad Yehle, Roy Curfman and E. M. Claypool was appointed by Joseph Jackson Jr., president of the club to do personal work in increasing the membership.

Secretary Claypool sent out letters to all of the business men of the city not affiliated with the Commercial Club telling them of the advantages of a membership in the organization, and of the desirability of becoming a member at once.

PLAN TO DESTROY NAVY YARD.

German Plotters Arrested Conspiring Against U. S. Government.

Special to The Democrat-Forum.

Philadelphia, Mar. 12.—The destruction of the Philadelphia navy yard was plotted by a band of Teutonic conspirators, the Federal agents declared today, following the arrest of Mr. and Mrs. Adelbert K. Fischer. Sufficient explosives were smuggled aboard the interned German raider, Prinz Eitel and Kron Prinz Wilhelm to destroy the navy yard and the whole southern part of Philadelphia. It is reported that five were arrested today on a charge of complicity in the plot.

CHILD LABOR ACT

DRASTIC FEDERAL MEASURE WILL NOT CONFLICT WITH STATE LAW

AFFECTS MINE LABOR

Missouri Mines Not Included, As Child Labor is Unknown in Them — Has Factory Clause Also.

Special to The Democrat-Forum.

Jefferson City, Mar. 12.—The Federal Child Labor act which goes into effect September 1, is a drastic measure, but it will not conflict with the Missouri Child Labor law and therefore this state will be little affected by the workings of the Federal law, according to Commissioner of Labor William E. Lewis.

The Federal act forbids the employment of any boy or girl under the age of 16 in any mine or quarry, which ships products, within thirty days of thejr production, into another state or foreign country.

Missouri quarries and mines will not be affected by the Federal act for the reason that child labor now is unknown to both industries. The Missouri Child Labor act did away with workers under 16 in mine and quarries more than ten years ago.

The Federal law also extends to mills, canneries, factories, workshops, and other manufacturing establishments, but child labor is given the advantage in these industries by the minimum age being placed at 14 years when their produets are offered for interstate or foreign commerce.

The Federal law does not conflict with the State act in any particular with the exception of domestic or agricultural service, but the latter act provides that children from 14 to 16, if under necessity, may work if provided with a state certificate. Some boot and shoe manufacturers, clothing manufacturers, canneries and some large mail order houses in St. Louis and Kansas City, will in the future have to exercise greater discretion in their interstate trade.

ADMINISTRATION WAITING

Washington, Mar. 12.—With all of the plans completed for the protection of American merchantmen on the high seas, the administration today had settled down into a waiting attitude. The first armed American liner will probably leave the New York port within a few days.

Washington, Mar. 12.—The state department today sent all foreign ambassadors and legations in Washington a special notice of their official decision to arm all ships leaving these shores for submarine zones.

BAGDAD IS TAKEN

TURKISH ARMY RETIRES IN GOOD ORDER FROM THE CITY.

FEW PRISONERS TAKEN

Turks, However, Abandoned A Number of Heavy Guns—City Rich in Historic Lore.

Special to The Democrat-Forum.

London, Mar. 12.—The main Turkish army that concentrated for the defense of Bagdad was withdrawn without serious losses before the British entered the city. A brief dispatch from General Maude indicated today that the British had made no large capture of prisoners. The Turks, however, abandoned a number of heavy guns.

British Capture Bagdad.

London, Mar. 12.—The confirmation of the fact that the British have captured Bagdad, the chief Turkish city in Mesopotamia, was made this evening by the British official press bureau.

The statement was issued on receipt of a telegram from General Maude, saying that British forces had occupied Bagdad early yesterday morning.

Bagdad's capture marks the climax to one of the most dramatic and picturesque phases of the war. The city which has fallen to British arms links the present to the past so distant that it is semi-fabulous. The known history of Bagdad reaches back for more than 4,000 years to the shadowy times of King Nebuchadnezzar of Babylon a quay built by the scriptural monarch still existing submerged in the Tigris. Within its precincts also there still stands the tombs of the Jewish prophets, Joshua, Ezra and Ezekiel and the well of Daniel.

Long after the Babylonian dynasty had ceased to be more than a memory, Bagdad rose to splendor as the artistic, literary, scientific and religious capital of the world. The heart of the great Islamic empire of the Caliphs for hundreds of years, it was known throughout the world as "the glorious city" and was the scene of the fantastic exploits of Haroun Al-Rashid the potentate whose magnificence is immortalized in the Arabian knights.

HURT IN TORNADO

OVER 200 INJURED IN STORM-SWEPT AREA YESTERDAY.

AT NEW CASTLE, INDIANA

City of 15,000 Known As the "City of Roses," Loses $1,000,000 in Property Damage.

Special to The Democrat-Forum.

Indianapolis, Mar. 12.—Between thirty and sixty are reported dead today, a score are believed to be dying and over 200 are injured as a result of a tornado which swept the country from New Castle, Ind., to Cincinnati late yesterday afternoon. The property loss is expected to exceed a million dollars. Twenty-two bodies were recovered at New Castle, this morning and it is expected that more will be found as soon as the search through the debris is continued.

The storm swept a path through the city about two blocks wide. About 100 houses were leveled and more than 300 were damaged. The storm passed through the longest way of the city, striking the south and west sides. A school building, the rolling mills and a shovel plant were all destroyed.

While the storm hit the better residence district, it was not damaged as severely as other parts of the city. New Castle has a population of 15,000 and is known as the "city of roses," because of the large greenhouses located there. It is also the home of the Maxwell automobile factory, and has other large manufacturing plants.

All of the hospitals in the city are crowded with the injured. The storm came from the west, striking the city in the northwestern section and traveled in a southeasterly direction, missing the business section of the town.

WOMEN MAY VOTE SOON

Chances in Missouri Good As Result of Action of State Senate Yesterday.

Jefferson City, Mar. 12.—Women in this state may vote in the next presidential election in 1920. In fact, their chances of voting are very good as a result of the action of the senate last week in placing Senator Mitchell's bill giving women the right to vote for presidential electors, on the calendar for final reading. The vote was 18 to 10, indicating that the measure will pass when it comes up for final consideration.

Despite the unfavorable report from the committee on election, Senator Mitchell moved to have his measure placed on the calendar for final reading. The vote on the motion follows:

Yes—Senators Baldwin, Bronson, Carter, Duncan, Ford, Gardner, Glick, Harris, Harrison, McClintic, McKnight,, Mays, Mitchell, Moore, Stark, Taylor, Welch and Yancey.

No—Senators Bates, Brogan, Casey, Cook, Elder, Goodson, Green, Kinney, McGruder, and Morton.

WOULD SEND BABY PARCEL POST.

Thought That Clerk Might Take Care of Youngster During Trip.

Quincy, Ill.—"I want to arrange to send my baby to Centralia, Mo., by parcel post," was the startling statement a woman made to the clerk in a post office substation in a drug store here recently. Upon being informed such a thing was impossible she seemed very much surprised.

"My home is in Centralia, and I have no one to send with baby so I thought the mail carrier could take him," she informed the clerk. After further instructions in the rulings of Uncle Sam as to the purpose of parcel post she decided that some other form of transport must be arranged.

WILKERSON IS IGNORED

Detective in Villisca Ax Murder Case Not Being Consulted By the State Attorneys.

Special to The Democrat-Forum.

Red Oak, Ia. Mar. 10—With the opening of the grand jury investigation of the Villisca ax murders, rumors were rife yesterday of friction said to have sprung up between representatives of the attorney general's office, who are conducting the probe, and J. N. Wilkerson, of the Burns detective agency, who is laboring to indict a half dozen persons, including F. F. Jones, one of the most prominent residents of Montgomery county.

Both Wilkerson and attorneys for the state and county disclaim any knowledge of a difference between them. Friends known to be close to the detective, however, were outspoken in expressing their dissatisfaction with the manner the attorney general and his assistants are handling the case. They declare Wilkerson is being ignored.

Numerous persons have expressed the opinion that Wilkerson is to be eliminated as far as possible in the investigation, and that the attorney general will not permit him to take any part in the case other than to testify like any other witness.

It is estimated that 250 witnesses will be called before the grand jury.

Among those who testified yesterday were two Villisca physicians who arrived on the scene a short while after the dead bodies were discovered.

James Dowers, who claims to be a detective and to have worked on the mystery of his own responsibility, also has been subpoenaed. Court officials believe the investigation will last for weeks.

GERMANY AND MEXICO

U. S. Goverment Learns That Powerful Wireless Directly Connects the Two Countries.

Special to The Democrat-Forum.

Washington, Mar. 10.—Information has reached the government from a semi-official source that through the perfection of a powerful wireless telegraph plant in Mexico City, direct communication between the Mexican capital and Germany has been established.

Officials realize that if unconfirmed this news is of great importance and an investigation has been ordered. Through connection by Mexico City with the land telegraphs leading into the United States Germany would be able to secure complete exemption from the censorship which now is imposed upon its communications by the American government at the wireless stations at Sayville and Tuckerton and by the British and French governments in their control of the Atlantic cables.

Far reaching possibilities thus would be opened for the violation of American neutrality or even the menacing of national safety in the critical situation existing. Sea raiders and submarines might be directed and full information concerning the departure of ships from American ports furnished. German agents in this country might keep in close touch with Berlin, and in case of war even more serious results might follow.

From other sources information has reached Washington that secret meetings are being held by Germans in Vera Cruz and Monterey to determine upon uniform action by Germans in Mexico in the event of war between the United States and Germany.

AFTER "THE GRIP," or in convalescence from pneumonia, fevers, or other debilitating diseases, your quickest way to get flesh and strength is with Doctor Pierce's Golden Medical Discovery. That gives purity to your blood, plumpness to your body, and puts every function into perfect working order. It makes thoroughly effective every natural means of repairing and nourishing your system. For pale, puny, scrofulous children, nothing approaches it. It builds up completely their flesh, their strength, and their health.

In the most stubborn Scrofulous, Skin or Scalp Diseases, Eczema, Salt-rheum, and every kindred ailment, it effects wonderful cures. Contains no alcohol or harmful drugs. In tablet or liquid form.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take.

Healthy Skin

DEPENDS ON KIDNEYS.

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depends on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to the nearest drug store and simply obtain a 50c. package of Anuric, the discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an Anuric Tablet, and notice the gratifying results. You will find Anuric more active than lithia. Dissolves uric acid as water does sugar.

WOLVES IN THE LOWLANDS.

Malden, Mo., Mar. 12.—Wolves have wrought great damage in the lowland district of southeast Missouri this winter. Because of the flood waters in the region of the St. Francis and Black rivers, in addition to heavy snows, hundreds of wolves have been starved and are killing cattle, sheep, and other domestic animals. In several instances they have attacked persons. Quite a large number of the wolves have been caught in traps.

HIS RUBIES AND DIAMONDS.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

MUSTEROLE WILL NOT BLISTER

THE FORCE IN THE SOURCE OF S.S.S.

Every Ingredient Purely Vegetable

VEGETABLE—MINERAL MEDICINES

If you were as careful of the medicines you take when sick as you are anxious about the disease it is taken for—a wonderful difference in your future health would result.

In a vegetable product like S.S.S. there is no violent after effect—as is found in mineral medicines—but a natural an efficient means of reaching the blood and purifying it, so that it may perform its functions readily.

Remember—any mineral is a violent material to cast into your delicate interior. Demand genuine S.S.S. at your druggist, it is purely vegetable and the Standard Blood Remedy.
